Kart Jackets

We are the original, and still the **BEST** full custom kart jacket maker for over 10 years! Now, thanks to a powerful partnership with a leading leather tanner, along with some cutting edge technical upgrades, we are able to offer our true-custom, highest quality, AD custom kart jackets at a package price that has it all.

This package includes your choice of our kart weight leather in your choice of blue, black, white, red, orange, and grey. Most kart drivers prefer the slightly lighter kart weight leather, which offers a lighter and more flexible fit. Also included in this great deal is your last name in leather letters, embroidered first name, and club or class name on the front. You can even change colors at regular seams if you want to. All other colors are available only in the full motorcycle weight leather.

To know you are getting a genuine AD Leathers product, all of our jackets include the AD logo. As in all our custom products, you can outfit your jacket with a variety of padding options should you desire it. We offer closed cell foam and soft armor. An upper arm heat shield is also available.

For custom logos and lettering, we are pleased to offer embroidery options (priced on request) to our customers in addition to our hand-cut leather lettering and artwork.

PRICE SHEET

Effective September 1, 2010

All prices subject to change without notice!
